(i) Comments/Suggestions for improvement of Curriculum, if any.

84 responses

No

NIL

No comments

No.

Nothing

Sir , syllabus is so broad and present time exam is nearly coming and our syllabus has reached only in 1st unit and 2 nd unit..... please reduce the syllabus for exam.

Please inform us timely before any activities or exams.

None

Want a previous notice(atleast 20-25 days) about exam datesheet.

Curriculum must be planned at the beginning of the session and the schedule should be provided on time to the students.

Exams should be taken on time.

Extra curricular activities must be conducted in college.

In education subjects, the material is very haphazard and difficult to find in books.

Nothing much.

Curriculum is appropriate as per the programme, learner friendly.

We don't have a clear out referance of material through which we can cover our syllabus.

Final exam conduct as soon as possible.

1.Important books not available in library

2.new edition of books not available

No suggestions

..

None

Session was late so it's difficult to cover the syllabus in short period of time.

Rie ajmer me hindi medium students ke liye bhi kuchh esa ho ki vo bhi achhe se learn kre

Standard books can be used

Use of ict

No suggestion

Add more Practicum . And complete all the activity with timely. Thank you

Syllabus and reference books needs to updated

It would be better if we are not provided with short notices, so that we can prepare ourselves.

Smester system should be followed according to New Education Policy

Adding topic to real life situations to Making topic interesting & easy to learn ect.

Adding topic to real life situations to making topic interesting and easy to learn

Please provide notes or ppt or previous year paper so that we can improve our performance with the help of that.

CURRICULUM SHOULD BE PRACTICAL BASED

More emphasis should be laid upon hands on experience rather than theoretical knowledge.

The curriculum is good but it's execution needs more effort, the internship program must be revise and needs more effective utilisation of this period.

Provide best curriculum material

Can make it bit interesting by including activities which increase participation of students and focus on developing their skills instead of making them rote the syllabus.

Conduct activity

No comments

Sometime glitch

It should be interconnected

Adequate amount of time should be given to children for preparation of any kind of assessment or evaluation and learning should be without burden and stress as well as students shall get appropriate time for self study.

Curriculum is very lengthy hence the quality of learning is reduced
Hence the syllabus should be reduced lil bit

assignment given should be relevant to students' previous knowledge and to some extent it should be more practical.

No

Curriculum needs to be more related with real life situations. For instance, Where you talk about inclusiveness and in reality, on practical basis that concept is failing. This is very much evident in the institute itself.

Please cover the prescribed syllabus in time so students can learn and prepare for other

exams

No improv req

Take job trends into consideration

Curriculum need to be reframed

no suggestion , according to me curriculum is good

Please come in the class with well prepared way.

Nil

Less burden

We want to a ambulance in campus

More practical curriculum should be prepared...proper reference material is important

Good

In economics please revise the syllabus, we still have those topics which is no longer taught in other top universities such as DU,JNU ,DSE etc.

No suggestion.

No any comments , it's good

It's pretty going on well

Everything is good

(ii) Comments/Suggestions for the teacher, if any.

82 responses

No

NIL

No

A very kind, active and idle teacher.

None

Teaching methods must be updated to make learning easy and effective.
Constructive criticism must be given instead of negative remarks.

Every single teacher is amazing in their subjects and i does admire all my teachers.
But sometimes I felt that they are not able not explain the concepts properly as we expect ,
sometimes some concepts remain unclear. Should use bilangual language ...so both English
and Hindi terms ...bacome clear.

More friendly with students

Fully apriciat

No ,All is good, A teacher is always gives 100 percent to his students.....

I find explanation bookish that's why I loose my interest in her class. I will understand it much
better if it will be in the natural or behavioral manner.

Thank you so much for teaching very well in clss... I can relate the concept in my daily life.

Needs to be more clear in his concepts

..

None

If all teachers provide content then its good to understand it and teachers explain the eng.
Subject in bilingual language.

Thoda hindi medium bhi use kre

Be punctual

Some teachers don't impart the relevant content. They are not taking the syllabus as the
baseline... Hence lacking in the completion of syllabus

Weekly test releted to topic

She is perfect,

He has a very well knowledge about his subject and explains the topic with real life examples
which makes his teaching to friendly with students.

She has a great knowledge about his subject. She encourage students for their better learning. Her attitude towards the student is very friendly and helpful.

Shweta Selpair Ma'am is polite and very attentive to the doubts and responses of Learners. I respect each and every facilitator of mine...but i appreciate her most!

1.The classes of main subjects should take place regularly because sometimes the teacher is unable to complete the syllabus on time.

2.Every teacher should atleast provide us the overview of chapters so that we can know what needs to be studied.

Teacher should explain the concept properly after asking from students that they had done the exercise related to that topic or not..only then after she should proceed to the next topic and she should explain in her own language not according to the bookish language because there are some topics which we as students are not able to understand

Problem solver , good adviser , helpful behaviour , etc

Helping behaviour., Problem solver, good adviser

NO SUGGESTIONS

Please explain us by connecting with topic

Can increase participation of students in the class.

Friendly behaviour

Complete the syllabus before exam

No suggestions

Improve your teaching skills.

Teachers of education subjects are amazing

Best teacher

no

They should clear the concept.

Nothing

Having knowledge is one thing. Delivering is another. Pedagogical skills is what is important in our respective field.

Dont teach only for the examination point of view, Try making the subject interesting for students

No imp req

Rp sir has to become less egomistic

Either judging student , he has to evaluate them according to their performance

Physics practicals are not going well there some improvements are required.

Sir is very polite to every student. So he should be strict at some points.

Give examples which are relevant for all the students

no suggestions , she teaches well

Please check the examination copy accordingly to content not design, and page counting.

Nil

Assignments should be given before 1 month of submission

No

Regular classes must be conducted by all teachers,
syllabus must be completed by them,
doubt of students should be clear regularly,
concept clearance is very much important,
no. of classes in a week must be increased

Teachers atleast should inform a day before that they would not take class. So that we can self study and utilise that time. It happens during offline classes, we used to wait for the teachers and then we got notice that, we don't have class now, later we wait for the next class as we already wasted our 20 min for waiting.

You are a good teacher .

Not any

It's pretty going on well

No.

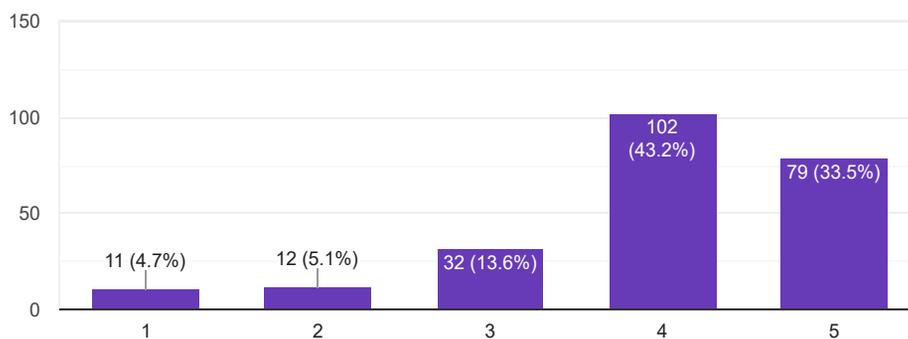

Professor are not getting proper time to teach. Permanent faculty mostly busy in work assigned by college and contractual faculty then have lot in their plate and thats why they just try to complete their syllabus.

106 responses

No

No comments

Wi-fi

Cameras should be there in library

Sir please attention in hostel facility and also wifi

Try to provide consistent internal connections as area lack a good Internet connection. Information and Grievances cell should address grievances on timely basis and be predictable with certain information regarding holidays, Exam schedule. Hostel facilities are good but rules and regulations framed regarding hostels in recent past are not student friendly.

Please do increase the connectivity and connection speed of the wifi.

Please do something about Wi-Fi. More seating arrangements in library. Check the usage of library.

Classroom must be well equipped.
Boards should be updated.
Old classrooms should be fitted with fans and Ac

In ET cell facilities should be improve, timely and effectively given to us.

Co- curricular activities are negligible, even less than schools, resulting in little to no exposure and personality development in learners. No significant societies or clubs of students are present, this place feels passion-less. The college has been working the same way since many years and administration needs to change their ways to accommodate new lifestyle of students with changing time. Many platforms like Drama, Literature, Modelling clubs need to be established like many other colleges in the country.

More co-curricular activities and sports should be included in the curriculum of B.Ed. programme

Increase the seats in the library.

RIE Ajmer is good for nothing. It better closes down instead of having scope of improvement.

Ranjeet Hostel mess

Hostel Wi-Fi

Improvement of wifi

Administration Needs to be considerate and rationale at every level

No suggestions

- 1.Information and grievances redressal cell needs improvement.
- 2.No proper wi fi connectivity in Tilak Hostel
3. Session is about to complete but no University exam form filled yet.

Institutes attitude towards students problem and concerns is not positive, In hostel specially for girls if you want to get a leave in between the session you have to go through a very long procedure even if you have a emergency you are force to complete the procedure but even when there is no notice for hostels closure during our summer breaks where in the notice only switching of classes from online to ofline mode is mentioned they forced us to vacate the hostel in 2-3 days despite knowing that most of the students came from different states and are not able to vacate in this short period, they force us to move. Which is concerning and they had done the same during lockdown period as well, such attitude of faculty and administration towards students problems and their negligence towards us is very concerning and negative, so I hope that this survey will look into this matter and will hp us in resolving the issue.

WiFi is not proper, tables should be provided for every student

Hostel facilities

- 1.The students put their note books on the desk even when they are not present in library and we can't sit at that seat so i request u to improve this by giving caution to students etc..
2. Wifi is not available in hostel.
- 3.there are not present sports equipments i .e cricket bat ball etc .
- 4.park facilities

Improvement in Wi-Fi

More activities and recreational activities should be included

Need of improvement in Wi-Fi, Sports, Hostels and Mess Facilities.

None

Sports event promote the skills of student and encourage them to perform at national level..but they do not conduct any sports competition or events, and also do not conduct any functions or events.

Wi-Fi connection is not good

Library me hindi medium books bhi rkhe science group ki

Sitting space can be increased in the library, wifi speed can be improved, smart classrooms can be there

Provide ambulance facilities in clg

1. Library timing will be extended to 8:00 pm and should also be kept open on Sundays.

Kindly improve the above mentioned facilities to the 'Excellent' level.

Include more co curriculum activities

Wi-Fi often doesn't work. In such a prestigious institution with A+ grade its doesn't expected..

There should an increment of timing of library, wi-fi should be able to connect 24hours to hostels and e-learning centre should be permitted to use for students also and sports activity

should also be conducted in college.

There should be charging slots in each cabin of the library.
Some sports activities should be there weekly. Wifi connectivity should be improved.

It would be better if library have some more place for sitting area.

1. Wifi should be improved.

Wi-Fi should be available in all the days of week.

In hostel our warden (Pooja Tripathi Ma'am) is not cooperative at all she didn't consider student's problem and always told us to adjust whether problem is related to any facility of hostel. Her nature is very arrogant and dominative.

The books we have in our syllabus are not available in the library

Digital libraries , mamber management , automated circulation & control , open the library , library network , ect.

Open the library 24 *7 hours., increase seats in library, namber management, autonomous circulation and control. Library network issue.

Please 🙏 provide cctv camera facility on library and extend more sitting facilities in it also (due to heavy no. Of students) , extend co- curricular activities in college.

1 Not sufficient seats are available in library as the strength of college students.

2 no such co circular activities are conducted.

3 college responsible faculty unable to hire best tender for mess .

4 ambulance is not available in emergency.

Wi-Fi should be available to everyone. Every students needs it most of time. Library timings are not students centered , as we have classes from 9 to 5:30 and our library closed at 7:00 pm which is of no use , and it should also open in Sunday and holidays .please consider this as a necessity foe every student

Interhouse activities can be conducted on proper time.SPORTS COACH SHOULD COME AND TEACH THE STUDENTS ON GROUND ABOUT VARIOUS ACTIVITIES. Concretisation of campus should be stopped for it reduced greenery of campus.Instead of it plantation can be done.Installation of AC is very disappointing when we celebrate PRAKRITI MELA.IT CONVEYS WRONG MESSAGE TO STUDENTS.TEACHERS ARE NOT SERIOUS ABOUT THEIR SUBJECT TEACHING.EDUCATIONAL TRIPS SHOULD BE ORGANISED.DURING PLACEMENT TIME PROPER MANAGEMENT IS NECESSARY.

The institute needs create more smart classes which are available for students of M.Ed. and B.Ed.

The institute must focus on more green area than blocking the land with concrete tiles.

The drinking water facility needs improvement immediately.

Placement cell address the requirement of teacher education institutions for M.Ed. students because they trained for that purpose.

Authority focus on quality of food provided in all the hostels.

Please encourage students for co curricular activities by providing coaches and equipment

Wifi connection

Increase the number of co- curricular activities in the college. In our whole college time we just study.

Hostel me wifi hmesa available nhi rhta hai

Most of the time Wi-Fi doesn't work, Drinking water facility is very poor in academic block as well as in hostel

Please improve WiFi network, hostel facilities, Attention should be paid to the problems of the students.

wifi of Hostel should be working 24x7

Wifi is not working in hostels, no recreational activities in hostel, recreation room is always closed. No curricular activities taking place since last 2 years

Wifi always damage, very very bad food quality

Consider the above assessment as comment

Wi-fi and hostel facilities must be improved.

Wifi, e learning, mess, administration facility should be improved...

No suggestion

Nothing

Wifi doesn't work properly in hostel.

Research section is not accessible

No medical facilities in hostel, broken walls of rooms

No recreational facilities

No co-curricular facilities

No games and sports facilities

Comparing with other institutions, not at all satisfied with the facilities

Wifi doesn't work most of the times in hostels(new wings)

Hostel facilities can be improved

No suggestions

There are so many basic things to improve in different departments like academic, examination cell, placement cell, sports department

Wi- fi facilities in boys hostels

Sometimes wifi did not work. So it should be improved because we students faces alot of problems regarding this

Need to improve the WiFi

no suggestion, everything is good according to me

Improvement college wifi

improve college Wi-Fi

Please improve Wi-Fi facilities in the hotels, this is very problematic to study in the hostel without Wi-Fi, and provide ambulance facilities in the campus.

Can be less conservative for girl students.

Appoint some kind teachers and hostel chief warden and other hostel authority

More water coolers in the campus. Change of classroom furnitures.

Kindly, provide an ambulance in the college for any emergency case.

Wifi doesn't work properly

We must need a ambulance in campus we faced many problems without ambulance

Ambulance facilities should be provided for hostel students in emergency

In library no. of seats (capacity) should be increased

Hostel Wifi should work continuously

70% placement should be provided.

Co- curricular activities must be increased

Students confidence building and carrier seminars should be conducted by college.

पुस्तकालय में सीट की कमी , वाईफाई की व्यवस्था सही नहीं ,

Please ..provide Proper medical facilities. Like medicine, ambulance, or a person who take responsibility for medical issues of students.

Ambulance should be provided in the campus

Improvement in WiFi and games is highly recommended. And friendly environment from professors is expected

Please provide an AMBULANCE service for emergency.

FIX WIFI ISSUE or else don't charge with wifi fee.

The wifi is faulty and not a reliable source of internet. Most of the time it doesnt work. And not available in most parts of campus.

Terrible medical facilities. A lacking medical kit provided in hostels (does not even have a thermometer) unwell students have to go out in glading sun to the dispensary which is not always open. 24 hrs trained medical aid should be available in the campus
There should be ambulance in the campus in case of medical emergency.

Girls outing timing is limited. In case of any Emergency (medical or otherwise) there is strict restriction in going to shop out of campus. Stores should be available in the campus.

Library timings are very less. And the books are not available all the time. Closes at 5 PM

It should be open 24 hours like all other colleges and universities campuses.

Can be supervised in shifts.

Or atleast till 9PM

Ambulance should be there in the campus for any emergency, it's difficult for us to manage ambulance for the same.
